

SCREW REMOVAL TOOLS & BIT KIT

P/N: APT-398-019

The kit comes in a strong metal container with separate compartments for all the items. Bits are individually wrapped and marked with description and quantity. A list of contents is provided inside the lid.

INFORMATION

APT is a **DISTRIBUTOR** for **B&L International** who manufacture el-BRUTUS screw removal tools, and are already well known in the aircraft industry.

We are very privileged to be able to offer these tools, either on their own or in our very compact kit.

Each tool is heat treated and plated to last a lifetime. The tool comes in two sizes:

Model 5 P/N: 5120-01-398-2869 removes screws #8 - 1/4"
 Model 7 P/N: 5120-01-398-2868 removes screws 1/4" - 3/8"

P/N: APT-398-019 contains the following:

P/N:	Description:	QTY:
440-1-ACR1	Phillips	40
440-2-ACR2	Phillips	50
440-3-ACR3	Phillips	20
